

The American dream is the fact that we can call out the things we don't like and fix them. We can say multiple systems are not working, and rise together to create the change we desperately need.

The American dream is not the white picket fence the generation before us were sold/settled on...

This is a phrase we have been told our whole life, right now we are at a reckoning of what that means.

AMERICA IS #1

BLIND PATRIOTISM AND THE AMERICAN DREAM

Blindly saying America is #1, with your American flag shirt, shooting guns you have to defend from the government while supporting its war efforts foreign and domestic is not patriotic. That is complacency.

AMERICA WAS BUILT ON A GROUP OF LIKE-MINDED FOLKS STANDING UP TO THE LARGEST GOVERNMENT IN THE WORLD

Standing up to the government, stopping the injustices, holding people accountable, and trying to uplift those oppressed is what this country was founded on. You are more American to say AMERICA IS BROKEN.

JUST BECAUSE **YOU ARE COMFORTABLE** | OR ARE NOT AFFECTED IN YOUR DAILY LIFE **DOESN'T MEAN IT'S NOT HAPPENING.**

WE HAVE THE RIGHT AND THE PRIVILEGE TO **LOOK OUT AND HELP ONE ANOTHER.**

DON'T SIT IDEALLY BY WHEN THEIR ARE **LEGITAMENT CRIES FOR HELP.**

THESE STATEMENTS CAN BE INTERPRETED FOR SEVERAL EXISTENTIAL LIFE THRETTONING ISSUES. NOT KNOWING WHICH I AM TALKING ABOUT HIGHLIGHTS THE URGENCY FOR US TO DO SOMETHING...
