

“We love you, Donald Trump” was the number 1 visual. Trump’s name is literally all over every image from memes, hangman noose, confederate flags, swastikas, and death. The man loves his brand. When talking about American Terrorism, Trump is successfully is the biggest sponsor, enabler, and dangerous cult leader.

-Donald Trump live to his supporters at his highly branded coup attempt

America is built on White Supremacy. Most people are not shocked that this still exists in our country. We need to start calling it like it is. We need justice before it is to late.

-Trump should not only be removed from Office. He should also be charged as the Cult Leader that incited every single crime committed in his name.

-Rudy Giuliani, Don Jr., Eric, Ted Cruz, and all other complicit leaders should be charged for incitement of violence.

-All members of Congress that supported “Stop The Steal” or fueled the fire should be banned from all public offices and charged accordingly.

-The people conducting hate crimes in videos or photographed on the grounds should be condemned & held accountable.

-Police officers allowing them in the building, taking selfies, and enabling should be charged for treason and enabling the coup. Police as an institution need to be defunded restructured, providing resources to community support and not supremacy with guns.

-The hardest change: We need to radically restructure our country’s government and society. A system built on racist principles to where White Terrorism is normalized and summed up as “how it always was.” We need to have National Reconciliation. We can’t go light on these people for the sake of Unity. Marginalized groups need to be supported, and hate groups shouldn’t get a seat at the table.

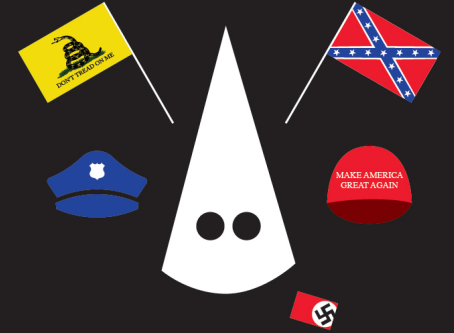

IT'S EASY TO LAUGH AT THE CLOWNS BUT WE CAN'T DOWNPLAY THOSE WITH INTENT.

Every symbol of hate on the cover was seen taking over the halls of the Capitol building on January 6th, 2021.

Generations of Americans push for a better world have died to stop these hate groups. The President of the United States commanded them and had the largest brand presence for Domestic Terrorists trying to disrupt American Democracy.

THIS IS AMERICA. There is no “look at what those people have done.” To the rest of the world, for the rest of history America did that. WE ALL DID THAT.

The parallels to Hitler and regimes of the past really scares me. We need to hold leaders responsible to start a precedent for a better world.

AMERICAN TERRORISTS

THE DOMESTIC ATTACK ON JANUARY 06TH, 2021

THIS IS A ZINE 01.10.2021 DOC. 36 CALL THEM WHAT THEY ARE. CHARGE THEM FOR WHAT THEY DID.

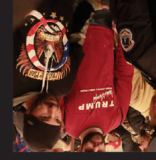

The police let them in the building, took selfies, and told them to have a nice day.

They denied reinforcements and helped them walk away.

QAnon supporters were openly planning and organizing this attack in the name of Trump. They had real intentions and wanted to cause total damage.

Actual trained military men with tactical equipment, weapons, bombs, and zip-ties moved freely under the protection of the crowd. Literally hunting for Pence and members of Congress.

Actual FUCKING NAZIS and confederates. For a group of people that “loves America” their hate is enabled by others’ stupidity.

Falsely named Via Getty folks got a good laugh...

But this clown provided cover for and took coverage away from violent terrorists.

This Viking got social buzz... He is a QAnon nut spreading the conspiracies and enjoyed the attention boost.

Elizabeth from Knoxville makes funny remarks... She shows the cult following are very misinformed, but are still a large threat to society.

Literally just this lady... This shows how much of a cult following with this lady blindly marching hand and hand with white supremacy, Nazis, confederates, and all others.
